Product highlights

Clinically proven

As effective as hospital electric pumps.

100% reliable vacuum

Unique silicone diaphragm provides a guaranteed 100% reliable, comfortable vacuum

Natural milk flow

As you pump, the patented Let-down Massage Cushion flexes in and out, gently massaging the area around the nipple. This is intended to help stimulate natural milk flow.

Patented Let-down Massage Cushion

Five, soft petal massagers gently flex in as you pump and work with the vacuum to imitate your baby's suckling pattern.

Easy to assemble and use

Quiet and portable
